Diploma in Rehabilitation Therapy (D R T): (Recognized by Rehabilitation Council of India)

"Diploma in Rehabilitation Therapy" has been started with overall objective to prepare suitable manpower in the field of rehabilitation, who can provide rehabilitation therapy at the district level, as well as a first level referral point for the grass-root level.

Since the student has to be imparted knowledge about the various common disabilities like Loco motor, Speech, Hearing, visual, Mental retardation, Learning and multiple disabilities, it may be necessary at the operational level to involve a number of institutes dealing with the respective disability groups, especially in terms of practical training and internship. Therefore the course curriculum has been framed in modular form.

DRT Content: The Programme involves of 12 theory papers and practical and field placements, which are classified into core course modules. The course cover four main broad areas as mentioned below.
